## INTRODUCTION.

---

In presenting the third edition of the Mt. Vernon and Knox County Farmers' Directory, the publisher is confident that the public will find the work fully up to the standard of completeness and accuracy. The same care has been taken in securing and compiling the data this year as in preparing former editions.

### POPULATION 11,086.

A careful enumeration made while making the canvass for names shows the population of Mt. Vernon, South Vernon and Academia to be 11,086.

Mt. Vernon proper .....	9,330
South Vernon and Academy.....	1,756
	<hr/>
Total .....	11,086

The next directory will be issued whenever the business men of Mt. Vernon feel the need of a new book. Don't waste your money on itinerants or fakers. Wait for French's Directory.

## INDEX TO ADVERTISERS.

A complete directory of reliable, progressive and liberal business houses. It pays to patronize men that are anxious for your trade. Don't waste your time or money with firms that are too far behind to value good advertising. Their goods also will be antiquated.

OF

**MT. VERNON**

**EXPLANATION**

The city of Mt. Vernon is divided north and south by High street and east and west by Main street, both of these streets passing through the Public Square. The city is numbered on the

**Taylor's Best Flour**  
**IT'S GOOD---VERY GOOD**

Philadelphia Block system; one hundred numbers being allotted to each block, commencing at High street north and south and Main street east and west. The even numbers being on the east and south sides and the odd numbers on the west and north sides.

Numbers in parenthesis thus 378 (250) denote that the number in parenthesis is on the house but the first one is correct.

Heads of families only are given in this part of the directory.

## F. M. FRENCH'S KNOX COUNTY FARMERS' DIRECTORY

1909-1910

The following Directory is compiled from the list of those farmers whose names appear on the personal tax duplicate and the real estate records of the townships of Knox County. The figures immediately following the name indicate the township in which the party lives (see abbreviations). Figures following the letter (p) indicate the amount of personal property appearing on the tax duplicate of the township in which the party lives. Figures following the letter (a) indicate the number of acres owned by that party. Figures following (r) indicate valuation of real estate owned by that party. The postoffice address appears abbreviated (see abbreviations) the last thing. Where a number follows the name of the postoffice the number indicates the number of the Rural Route.

Example:—"Brown C W, 4, a80, p285, Mt V," is read, Brown C. W, lives in College Twp, has personal property on duplicate of that township amounting to \$285, owns 80 acres and his postoffice address is Mt. Vernon, O., Free Rural Delivery Route No. 5.
